IMAGERY ANALYSIS SERVICE

PRODUCTION BOARD MEETING

Monday, 6 August 1973 - 1330

25X1A

MEMBERS PRESENT   PRESENTED BRIEFING   25X1A

IAS MANAGEMENT CONFERENCE

25X1A
25X1A   announced firm dates for the two scheduled conferences.
25X1A   The first will be at [   ] on 12-14 September. Transportation will
be via aircraft if available. A follow-up conference will be held in
[   ] on 25-27 October. Branch chiefs are to join the group on
26 October.

"HOLD" ITEMS

        Mr. Allen commented on a phone call from [   ] regarding "hold"   25X1A
25X1A   items. The ADDI advised [   ] that reporting on the "hold" item this
time around would be on the basis of what is [   ]   25X1C

BRIEFING ON FUTURE SYSTEMS

25X1A   [   ] TSG/NPIC, has been invited to brief the IAS staff on Friday,
10 August at 1330. The 40 minute briefing will cover system improvements
and "what's coming down the line." Branch chiefs are invited. [   ]   25X1A
clearances are required.

COMIREX

25X1A   [   ] reported on EXSUBCOM's meeting on Friday, 3 August related
25X1D   to the latest [   ] IAS had three basic comments: (1) too much
being done at the Processing Facility; (2) afternoon summary report
scheduled for 1800; and (3) the paper did not really describe when informa-
tion would be put in the data base and in what forms it would be available.
EXSUBCOM members were in general agreement with IAS.

The Chairman of EXSUBCOM stated that the problem related to where material will be readout will not be addressed until all the exploitation requirements are defined. The next "Exploitation Concepts" draft will state that the afternoon summary report be scheduled for issuance at 1500 to permit everyone an opportunity to scan the report before close of business. EXSUBCOM also promised to investigate the whole data base problem.

ADP

25X1A

[   ] reported on NPIC's plan for computer support in the 1975-1980 time period. The plan calls for converting from the Univac 494's to a new computer system in three distinct phases. If approved by the DCI, implementation will begin in FY 74 and end with phase-out of the 494's in FY 79.

The Chief, AID has confirmed that our four desk-top CRT terminals are scheduled for delivery late this month.

The ADP Applications Group has completed the review of all targets in the IDF. Those of interest to IAS are being keypunched by AID for inclusion in the IAS sector of the IDF. It is planned that the IAS target file will 25X1A be operational about 20 August. [   ] asked the division chiefs to provide him with the names of those people whom they wish to be trained to maintain, update, and query the file. Training in the use of the OUD, DEN, BQLT, and PIRL programs will be offered on a selected basis in the near future.

BUDGET REVIEW

25X1A

[   ] briefed members on status of IAS' budget for FY 74-75.

PERSONNEL

25X1A

[   ] reviewed pending changes in authorized personnel strength.

EXPLOITATION EQUIPMENT NEEDS

25X1A

[   ] discussed IAS' FY 74 requirement to replace 26 obsolescent light tables. Members agreed that attempts should be made to obtain Planning Staff approval to purchase 26 MIM-2X9 tables at about $8,300 each.

DDI OBJECTIVE REGARDING AREA FAMILIARIZATION

One DDI objective indicates that production offices should attempt to have their analysts revisit areas of their particular specialization. Mr. Allen stated that this should apply equally to IAS. [   ] stated he   25X1A would make every effort to have this objective include IAS.
